E.D.G.E. - Elevating Dancer's Goals Effectively

Join us for a two hour session with Tim Flattery. This is a session designed to elevate each dancer to be the best you can be and to prepare for the next step in your dancing journey. The E.D.G.E. College Audition Workshop will cover tips to improve desired areas of technique while highlighting your greatest strengths and creating a mindset and approach to new combos/choreography. Tim will also take you from being a good candidate to a great candidate by discussing ways to put your best foot forward while achieving goals that will give you that extra E.D.G.E. The E.D.G.E. Workshop will help prepare you for the Innovative College Combine...don't miss your change to have an edge up!

We invite all college dancers to take any class they want! We do need both Innovative and KU waivers from them on file before they can participate (see end of packet for waiver links). Feel free to take choreography back to your schools to use at games/performances! We would LOVE for you to tag us in social media posts when/if you perform any of our routines.

Recruiting

Throughout the day, dancers will interact with coaches through scheduled mingle sessions. Additionally, all participants will be provided a list of coaches and contact information. Likewise, all coaches will be provided a list of participants and contact information.

To encourage dancers to visit all college recruiting booths, we would like to do a drawing at the end of the day. All high school dancers will be given paper with their names on it. As they visit the college tables, they will drop off a piece of paper in the drawing on each table. We ask that you bring something representing your college/university/team to be given away in the drawing. Ideas include: school or team shirt, swag, free/discounted admission to a dance clinic, etc. Drawings will occur during the Combine Wrap Up at the end of the day.

After the combine, Innovative Choreography will share any videos we take with you. Additionally, graduating seniors have an opportunity to sign up for recording with Innovative staff. We will share senior videos with you as well. We hope this will help with your recruiting process!
