

# *Innovative Virtual Camps!*

We are thrilled to introduce Innovative Virtual Camps as another wonderful camp opportunity for dance teams across the country. Dance camp is a staple of every dance team program. At times, in-person camps are either not possible or not an affordable option. Innovative Virtual Camps are designed to fill that void! Our Virtual Camps will provide you with all of the unique, entertaining, visual, and fun combinations and choreography you would usually learn at an in-person camp. We've covered technique, team bonding, conditioning, stretching, All Around Innovative, Innovative Leaps/Kicks/Turns, leadership development, and Time to Shine Evaluations. The best news—you pick what you need.

Virtual camps can be done together when you are able to return to school or from the safety of each dancer's own home. We strive to make each camp experience unique and meaningful to the team involved. If you have any requests, please do not hesitate to contact us!

As always, if you have any questions please contact us.

Dancingly yours,

Anne Kastelic & Lauren Wilson
